NEWLY REVISED!

Nursing Administration: Scope & Standards of Practice, 3rd Edition

A key resource for nursing leadership professional development, Magnet Hospital application process, and the ANCC certification examination in Nursing Administration.

It has been five years since the last edition was released in 2004. Nurse executives, nurse managers and nurses seeking to advance into management and administration will find this book very useful for career development since it is a key resource for nursing leadership professional development. It is also a highly recommended resource for ANCC's certification examination in Nursing Administration and the Magnet Hospital application process. Meeting these standards of care is a requirement to receive Magnet Recognition.

The diverse frameworks of practice and distinct spheres of influence and authority of the nurse administrator are key elements of this newly revised third edition. It defines the scope and various levels of practice for nursing administration; outlines qualifications for these roles across all settings; and provides standards of care and professional performance for this complex nursing specialty. 2009/126 pp.
