Figure 2. Model for Fall Program Comparison

- **Organization Level**
  - *Overall Population*
    - Fall & Injury Rates
    - Program Effectiveness
  
- **Unit Level**
  - *Cluster of Similar Patient Types*
    - Fall & Injury Rates
    - Process Effectiveness
  
  - *Interventions by Type of Patient Group*

- **Patient Level**
  - *Individual Case*
    - Specific Patient Assessment and Evaluation
    - Specific Intervention Effectiveness

- **Comparison of Similar Organizations**

- **Comparison of Similar Units**
