Chartered by Congress in 1990, The National Environmental Education Foundation is a private, nonprofit organization offering objective environmental information to help Americans live better every day. By forging public-private partnerships and working with professionals in health, education, public lands and media, we connect the environment to everyday choices and actions so Americans can live well while protecting and enjoying nature. To learn more, call (202) 833-2933 or visit www.neefusa.org.
