

GAP ANALYSIS TOOL- AWD

INSTRUCTIONS

The Gap Analysis tool AWD (Accreditation with Distinction) should help you identify missing components or areas to improve upon as you begin your journey to accreditation. Program domains and focus points are listed to aid in your review, and space is provided to include gap details as well. As you investigate the details of your gap, you will notice the tool uses a “structure” or “curriculum” flag. This flag will assist you as you move to your action plan phase. You’ll be able to consider whether this gap requires a structure change, which may involve a multitude of stakeholders and financial resources, or is it a curriculum gap in which the Program Director has the authority to implement changes quickly?
